# Using Your Insurance

If you need to seek medical treatment, please be sure to seek care appropriately for the condition/situation that you are experiencing, as this will make the billing and payment process much smoother. Here are some guidelines for choosing appropriate medical care.

## Teladoc

Your plan includes free access to Teladoc, virtual telemedicine. If you have a minor or non-urgent medical need, you can use Teladoc to see a doctor or get a prescription from anywhere, at any time using your phone or computer. Please [visit our website](#) for more details.

## Non-Emergency Care

For immediate care in non-emergency situations, you **SHOULD** go to a Walk-in Clinic, Urgent Care center or local doctor. Urgent Care and Walk-in Clinics are often the best places to seek medical care as you can walk right in and they require no appointment.

You **SHOULD NOT** go to the Emergency Room (ER) for this type of care unless it is a real emergency situation!

## Emergency Care

The Emergency Room (ER) is designed for medical emergencies. If you need emergency care for any reason, please get to the nearest Emergency Room (ER) or call the emergency services (911 in the USA) for immediate treatment.

**PLEASE NOTE** – an additional **\$200 Deductible** will apply for each Emergency Room visit for an illness which does not result in a direct Hospital admission. Injuries are not subject to the deductible.

## ID Card

It is extremely important that you carry your insurance ID card with you at all times and make sure to show it when you seek treatment. Your ID card will be emailed to you before you travel and should be kept with you at all times.

## Doctor/Hospital Search

You have the freedom of choice to visit any provider you wish, however you are strongly encouraged to visit medical providers who are part of the insurance plan network, especially in the USA. This will allow direct billing and can remove the need for you to pay up front for medical expenses.

- Inside the USA, you can search for a network provider online.
- Outside the USA, you can seek treatment from any provider of your choices, pay up front and then file a claim for reimbursement.
