### *Visiting a Doctor:*

Your insurance plan includes Teladoc (virtual doctor visits). This should be the first place to seek medical care in non-emergency situations. Janus International urges you to see a local doctor, urgent care center or walk-in medical clinic if necessary, as they will be best placed to assist you and the cost will be reasonable. However, if you have a life-threatening emergency, please dial 911.

To locate a doctor, visit this website: <https://www.envisageglobalinsurance.com/student-zone/janus/providers.php> and click on the IMG or United Healthcare logo area. This information should also be on your health insurance card. You can also call the insurance provider at (855)731-9445 or (317) 927-6806.
